Immigration

People have been moving into and out of Lancashire for hundreds, if not thousands of years. However, little is known about what the people of Lancashire think about migration and its impact on their local areas. We'd like to hear your views about immigration in your local area. When we ask about 'immigrants' we mean people who have moved into the UK from other countries to work, join family members, study or seek refuge from persecution. Please consider your 'local area' to be the area within 15-20 minutes walking distance from your home.
