## Lancashire Fairness Commission

We are asking you the following questions on behalf of the Lancashire Fairness Commission, which is an independent body that has been set up to give an independent perspective on inequality in Lancashire and to make recommendations for 'Fairer Lancashire, Fairer Lives' in respect of prosperity, health and wellbeing.

Where you live in Lancashire can affect how you live your life and what happens to your health, your education and your relationships. The Lancashire Fairness Commission believes that to improve lives for everyone it needs to concentrate on starting well, living well and ageing well.

By **starting well**, we mean that every child in Lancashire will have the best possible start in life.

By **living well**, we mean that everyone in Lancashire will have the chances to make the most of their potential.

By **ageing well**, we mean that the older generation are able to live healthy and active lives and are able to carry on working or enjoy their retirement as well as participating in their community as fully as they wish to.

The aim is to try and make sure that everyone has the same opportunities no matter where they live. The Lancashire Fairness Commission needs your help to say what needs to change to make that happen.
